

REMARKS

Applicant has made the above amendments to reinsert the feature of the exterior casing (1) being "substantially electrically insulating" in claim 1 which the examiner had deleted in his January 26, 2005, Examiner's Amendment.

Applicant understands from an April 25, 2005, telephone conference with the examiner that he has no objection to the above amendments as they do not broaden the coverage of the allowed claims, nor introduce new matter on issues.

Favorable consideration and approval and entry of the changes made above are respectfully requested.

Respectfully submitted,
